

Please accept this request, pursuant to the Federal Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 *et seq.*, to obtain copies of any and all records

1. within the enforcement files for the facilities identified on the attached list, discussing the relationship between opacity and particulate matter (PM) at electric generating units or other fuel combustion units or sources;
2. within the enforcement files for the facilities identified on the attached list, related to the interpretation, application, or implementation of the Illinois opacity regulations found in 35 Ill. Adm. Code 212.123 and 35 Ill. Adm. Code 212.124, such as documents related to the rulemaking history of the Illinois opacity State Implementation Plan ("SIP");
3. within the enforcement files for the facilities identified on the attached list, related to and including USEPA correspondence, guidance, policy, applicability determinations, or decisions that discuss, address, or describe Illinois opacity and PM regulations or any federally-enforceable opacity standards as applied to electric generating units or other fuel combustion units or sources in Illinois, such as the administrative record for the Illinois opacity SIP, the administrative record for the "any credible evidence rule" (62 Fed. Reg. 8314 (Feb. 24, 1997)), and any documents regarding other federal rules that might relate to enforcement of the Illinois opacity SIP;
4. within the enforcement files for the facilities identified on the attached list, related to determining, evaluating, or enforcing opacity or PM violations, including any defenses or exceptions to opacity and PM violations, such as a de minimis exception or defense;
5. within the enforcement files for the facilities identified on the attached list, related to correspondence with the State of Illinois, its agencies, or any sources located in Illinois regarding compliance with Illinois opacity or PM regulations;
6. submitted to USEPA by Illinois or sent to Illinois from USEPA and related to USEPA's review or approval of current or former Illinois opacity or PM regulations;
7. within the enforcement files for the facilities identified on the attached list, related to any reviews, audits, assessments, and investigations by USEPA of the Illinois opacity and PM regulations or any federally-enforceable opacity standards with respect to fuel combustion units or sources in Illinois;
8. related to compliance of the E.D. Edwards Generating Station located at 7800 South Cilco Lane, Bartonville, Peoria County, IL ("Edwards Station") with the Illinois opacity and PM regulations; and
9. of Freedom of Information Act Requests directed to USEPA since 2004 that relate to or ask for information regarding Edwards Station.

Please let me know if costs will exceed \$500. Thank you.
